

Inez Informational

Month Ahead:

The last day of school is Thursday May 25th. The kids will be released early from school and we will be here when the kids are dismissed. APS will not serve lunch that day, so remember to pack a lunch! On Friday May 26th Children's Choice will be open for full-day care at Comanche. Remember to pack a lunch!

Active Math

In "Active Math" the kids played a game where the younger kids were challenged to construct a tarp out of various shapes. Once the tarp was made each shape was given a math problem and a point value that was based on the level of difficulty. The kids then practiced their hand-eye coordination, throwing, and math skills by throwing a ball through the tarp and then completing the math problem. If they answered correctly they were awarded the points. We had an older child who kept score on a dry erase board. The kids had lots of fun with this low cost activity. The only materials needed are: a tarp, duct tape, scissors, a sharpie, and paper.

Here's what the kids said this month:

We did an activity where we experimented what reaction happens when we mix shaving cream, vinegar, and food coloring. It was so interesting, mine looked like an exploding volcano!

-Christian 5th grade

I liked helping Lindsay make the math game. I got to help cut the squares. I like math.

-Emerie Kindergarten

The field trip to the Zoo was fun. My favorite was the flamingos. They are building a penguin exhibit soon!

-Elaina 3rd grade

Community Garden

In April the kids went on a walking field trip to the community garden. We are beginning to plant a pizza garden there. We planted garlic, tomatoes, oregano, and peppers. A big thank you to the homeowner in the Snow Heights Community who donated space to plant. We are looking forward to growing food for the whole community to enjoy!

Children's Choice

Volume 2, Issue 10
April 2017

Reminders:

- Enrichment Classes end May 12th.
- Last Day of School May 25th
- Remember to sign up for summer camp at Inez! (Ages 5-8)
- Sombra Del Monte will also have summer camp! (Ages 9-12)
