Homework Club

Monday-Thursday from 3:30-4:30 we run a Homework Club in a quiet space so kids can play and eat snack and then get their work done! The staff is always available to help all day in the core program!

Neurosurgeons of C.C.

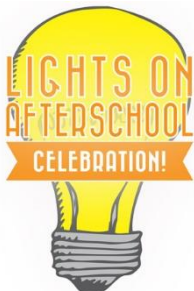

This month we learned about our bodies and our minds. We made sure to get plenty of exercise outside, practiced yoga, and even preformed brain surgery! Clay brain surgery, that is. With the help of professor Sierra, we learned about the different parts of the brain, what emotions and behaviors they are responsible for and molded those feelings out of clay. We then placed them in our cardboard brain cavity and removed parts of the brain in order to find out how humans would react if there was any change or damage. The kids loved being scientists and creating our cool hands-on brain!

Lights on Afterschool and Fall Fair!

Every fall we celebrate after school programs around the country and we want to spotlight our wonderful afterschool community with a Fall Fair! Thanks to our Older Kids Club, we will be celebrating with an Autumn Carnival on **Thursday October 19th at 5:30**. Come for carnival games, face painting, food and fun.

Check out www.afterschoolalliance.org for more information about the importance of afterschool programming.

Hooray for 5th Graders!

Shout out to our fifth graders who have been working hard to help the younger kids in our community and creating a fun place for everyone to enjoy. They have been earning fun and comfy items for their 5th grade area. They are also busy at work planning our Fall Family Festival this month!

Getting creative in the art area. Using recycled materials is a great way to get way to reuse our left over paper and cardboard.
