

Arroyo Del Oso

Children's Choice at Arroyo del Oso's February theme was "All About Entertainment". We are currently working on building our own stage to have plays and talent shows on. We also had activities like our Circus Club where we learned to juggle and tight-rope walk which the kids had a blast doing. The majority of our site couldn't wait to line up and give it their best shot on the tight rope. Our community also welcomed in a new staff member, Ben Woodland. We are coming up on March where our theme will be about being anything you can dream of, from a chef, to medieval knight, or maybe an aspiring artist.

In February we got to learn about 3D printing thanks to the Hubka Family. Rhyland Hubka taught us how it worked and made every child an emoji necklace!

In March we will be going on two field trips, to Explora on Feb. 27th and to Art Attack on Mar. 15th.

Working on our stage!

Enrichment Classes

The Enrichment Classes at Arroyo Del Oso have started once again for the spring semester

Our Science, Sports, and Chess classes still have a few spots left.

Please contact Brian with any questions about spaces in any of our classes.

Playing Shield Ball

Upcoming Events

Our Constant Quality Improvement team is having another meeting soon to discuss the data we have collected.

If you would like to have some positive involvement in our community and program please come to our next meeting on March 1st.

Dinner will be provided for attending families.

Important Announcement

Children's Choice will be open during parent teacher conferences March 8th and 9th. The ADO staff will be at Zuni Elementary.

Register online for the school of your choice by March 19th!
