

MARCH NEWS AT OSUNA

Parent-Teacher Conferences

There is no school on Thursday, March 8th or Friday, March 9th due to Parent-Teacher Conferences. Children's Choice will be open at Osuna both days from 7 AM – 6 PM. Please sign up in advance if you plan to attend and bring a sack lunch that does not require microwave or refrigeration. Breakfast and snacks will be provided.

Spring Break

We will be open at Osuna for Spring Break from March 26th-30th. You must sign up online using your Parent Portal if you plan to attend. **The deadline for signing up and/or changing your schedule is Monday, March 19th.** Tuition for Spring Break is \$36/day or \$135/week. Your child may not attend if you have a past due balance on your account. Please feel free to contact us with any questions.

Field Trips

Our field trips this month will be to the ABQ BioPark Aquarium on Friday, March 2nd and Putt Putt on Friday, March 16th. Please note that our field trips are generally the 1st and 3rd Friday of our calendar month. Field trips are listed on our calendar, newsletter, and website. If you need your child to stay back, please add them to the list on the parent table.

STEM Challenge – Marshmallow Towers

Calla recently led an activity where the children were challenged to build the tallest tower possible, using only spaghetti and marshmallows. We worked in groups and learned about weight distribution and engineering, as well as teamwork, creativity, and communication!

Children's Choice

Volume 1, Issue 6
December 2015
☺ Please call us at 382-1815 if your child won't be attending Children's Choice for the day.

Reminders:

- ☺ **SPRING BREAK DEADLINE:** You must register for Spring Break online by March 19th if you plan to attend
- ☺ **LOST & FOUND:** Please check the Lost & Found in the hallway for missing items such as coats, lunch boxes, toys, etc. The PTA regularly donates unclaimed items to local homeless shelters.

EXPLORA

We finally got a chance to go to Explora! The kids enjoyed the hands-on exhibits exploring air and water, especially the fountain and the machine that simulates clouds with water vapor. We also had a great time learning about light and designing a giant ship outside with blocks. A few kids worked together to create a model of the Roman Coliseum in the building room.
