

DEAR CC COMANCHE FAMILIES

We can't believe we are already going into the month of April! This year is going by so quickly. These kiddos can feel that warmer weather and they're getting excited that summer is just around the corner. Two more months of activities, laughs, and fun!

Don't forget to register for Summer Fun Camp. Early Bird registration ends April 13th!

"Hey! These are all different...just like how everyone who is making one is different." -Genesis

"When will the birds visit?"
Kumani

2018

The kids have been so excited about the warmer weather. They noticed that they weren't the only ones enjoying the sun, the birds were too! We decided to build bird feeders to welcome them. Not your typical bird feeders, we had feeders shaped like stars, bones, and even bow ties.

This month the kids tasted the rainbow! What color were they feeling that day? "We want to taste orange today!" That meant carrots, oranges, and cheese puffs. "We are feeling the red flavors." That meant tasting strawberries, bell peppers, and apples. Did the color affect the taste? "I think because I saw the drink was blue, I knew it was going to taste like blue raspberry." -Riley

SPRING TIME

IT'S THAT TIME OF YEAR

It was time for some spring cleaning at Comanche. We had some confused faces after shaving cream was sprayed everywhere. "What are you doing? I thought you said we were cleaning?" Looking around we had artists making drawings in the shaving cream and kids wanting to clean every surface imaginable. Who knew cleaning could cause so much laughter and fun?

Our kids are always challenging themselves. Sometimes it's as simple as finding a new way to play!

"I don't want to play cards again."

"I think I have a new way to play."

"I can't believe I had fun cleaning! Do you think we can clean again tomorrow?" -

Cody 😊

"ROYGBIV. It's the colors of the rainbow!" -Aries
