Inez Informational

Welcome to Summer 2018

Summer Fun Camp has arrived! We are so excited to spend this summer traveling through the twentieth century with you! We have been planning since January and are looking forward to fun activities, field trips, special events, and more!

Please remember to check the weekly activity calendar for swimming and field trip days and for departure and return times.

Lunches

Children's Choice will provide afternoon snacks each day. We will also be participating in the Summer Food Program beginning the second week of camp. Monthly menus will be available and food allergies can be accommodated with a doctor's note. This is an optional program so you are welcome to participate or you may instead send your child with a non-perishable lunch each day. An AM snack will be provided by the Summer Food Program as well.

Personal Belongings

Help us return lost items to you by labeling your child's belongings before you send them to camp! Lost items will be placed in the lost and found and unclaimed items will be donated.

Fun in the Sun

We love being outside and enjoying the sunshine but we don't want any sunburns. You can help us by ensuring that your child comes to camp each day with their sunscreen already on. We also ask that you bring in 4 bottles of sunscreen for all of us to pool together and share.

Food Pantry

The Inez Community School Food Pantry will be open this summer during Summer Fun Camp. The food pantry is located at the West side of the Cafeteria. Please take whatever you and your family will use. If you have questions, please see Tori.

Reminders:

-Please remember to pack a lunch every day for the first week of camp! We provide morning and afternoon snack.

-The free breakfast and lunch program begins June 4th.
