

January Newsletter

Arroyo Del Oso

During December at Arroyo Del Oso we were most excited about bringing a fun new annual tradition to our families, in our holiday crafts and ugly sweater family party. Natasha Roger's one of our parents said "this was the best time I've had together with my family in a long time, we don't often get opportunities to have something free to us that all of my kids can enjoy together." Juan said about the photo booth, "we got to do cool poses with our Mom, I hope we get to come next year!" Look at the next page of our newsletter for some of the best photos from the photo booth. Our communities only field trip in December was for a movie day and giant games at our Children's Choice office, Tessa said "when I got bored of the movie it was so much better than the theater, I just went and made a castle with giant cups and played connect four that was as big as me."
