## Caring for our Community

Building community is an important component of what we do at Children's Choice. We have found that when we create an environment where kids feel empowered, where they have fun together, and where they feel invested that it creates a strong foundation for learning cooperation, problem solving, and teamwork. We give the children the choice to contribute to the community in many different ways. Our older kids have their own Kids Council where they discuss issues in our community and work together to find solutions. We also have child lead curriculum which is written by the children and is run with the assistance of the staff. At the end of each day children and staff work together to clean and organize our site.

## Kid Talk

Hubert Hoover, our 31<sup>st</sup> president once said "Children are our most valuable resource."

We decided to ask the kids one of life's hardest questions: what is the meaning of life? Here are their answers:

Elena B- "To have Freedom"

Casey- "To come to CC and have fun with your friends!"

Stella M- "Love"

Ava H- "To live the best life while you've got it!"

Devon L- "To enjoy"

Jack M- "To grow up and experience things. Fulfilling all your dreams, getting an education, then getting a job. And then you die and have your relatives remember you and carry on your family name."

Casey and Elena B Living their best life at CC!
