

# John Baker News

February 2019

We have a couple of fun field trips planned for February, as well as an ambitious project for Dr. Seuss Day. Take a look at some of the fun and interesting things we did last month too.

The John Baker Staff

## New Staff

**Sterling** is the newest member of our staff. Please join us in welcoming her to the team here at John Baker!

Quote of the month:

It's gonna be duct tape messy.

Paige is making messes again. This month she and the kids have been experimenting with what happens when you microwave various items. This week was eggs. Yuck! Despite the quote, Shayne and Addi volunteered to clean. If only all our kids were so helpful at home. 😊

Paige is making us do her bidding!

Rashaad has been spending the month doing fun science projects with the kids. Whether making Elephant Toothpaste, Lava Lamps, or Edible Science (like Glow in the Dark Jello), everyone has been having fun and learning a lot.

Can we start now???

I love getting messy like Margarita.

It's stinging me!

Mine is like a light green.  
Yellow!!!  
It does not smell good. It smells so green.

It changes color in the light!

Mine looks like a sunray.  
I need a bag, no, I need a jar.

Can I see, can I see???  
I can't stir it anymore!
