

## Sombra Del Monte February 2019

### February is New Year, New Things! Month at Sombra Del Monte

Our Clubs include: Language Club with Janette, Sign Language Club with Marie, Writing Club with Sommer, New Year, New Things! Club with David, Making Valentines Club with Andrea and Mario Cart Extravagnza. Our child lead activities include Glow in the Dark Slime with Amelia, Kite Making with Zac and Coloring and Snowflakes with Alessia.

### January was Inside Out, Backwards and Upside Down Month

Here's what the kids had to say about this month's activities. In Magic Club Jabez said he learned, "a magician never reveals his secrets," and Jeremiah said he learned a rope trick. Tianna said she liked Knitting Club because "we got to make our own scarves and stuff." Erika describes Backwards World, "All the videos we took we played backwards. It's really funny. We did clean up backwards. We took a video of eating fruit roll ups and watched it backwards." Gigi told us about her Mini Cheeseburger Cooking Show "My Mini Hamburger Club was really nice, except I didn't like the potato fries, they were really spicy. I really liked the hamburgers and I had ketchup and mayonnaise with it. We made it for everyone, the community."

### Giant Fortune Teller

On Monday, January, 14<sup>th</sup>, I taped 16 pieces of paper together to create one giant piece of paper. At first I was going to make a sailor's hat, then a paper airplane. Then Reisha and Annaliese came and we decided to make a fortune teller. I felt really weird folding a giant piece of paper but it was really fun. After we were done, we drew space themed pictures on the front, like one moon and three comets. Next I'm going to make a giant sailor's hat! – Delilah

### Science Experiments Club

On Friday, January 11<sup>th</sup> we made Elephant Toothpaste. Bella explains, "We watched a video and then we put water and something else. It didn't work the first time. The second time no and the third time it did. We tried some different things. So it turned blue and then yellow. It looked like whip cream a little bit. It was coming down smoothly."

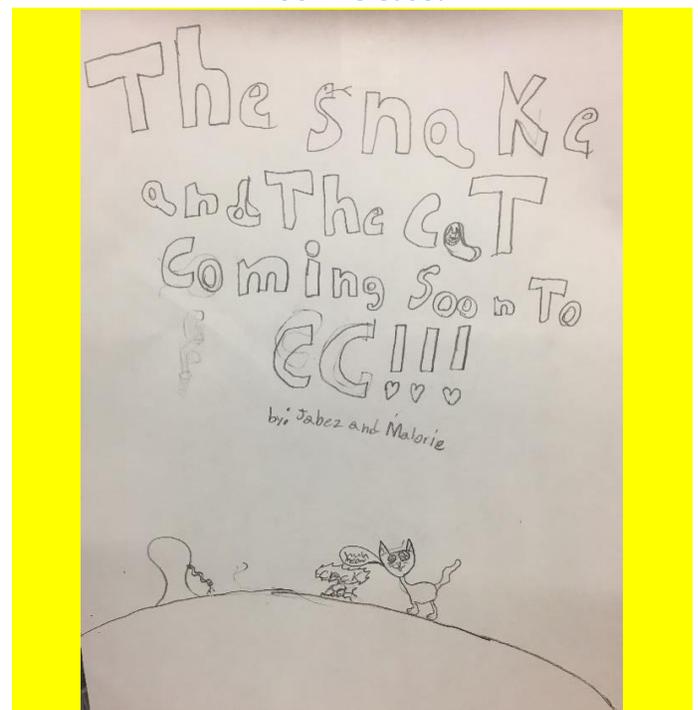

### Making a Jello Brain!

Chloe explains, "We read the instructions. We put water in the pot because it makes it hotter. We smelled it and then we looked at it and then we stirred it. We used green and orange Jell-o."

### Book Release!

Jabez and Mallory are co-authoring their first book, The Snake and the Cat. They made a book release poster, the book will be available to read in the Quiet Area after it is finished.
