# Arroyo Del Oso

---

During February at Arroyo Del Oso our community got to do so many fun clubs and activities that the kids helped plan. Dillon helped plan a treasure hunter club after his friend lost a necklace in the wood chips. "If we only had a metal detector we could find all of the lost things out there!" So we purchased a kid friendly one on Amazon and went at it. After finding some things Dillon had an idea, "what if we hid metal things and clues and sent everyone on a treasure hunt together." The kids loved finding things, Bella said "I figured out the clues fast and we found all ten clues." For our field trips we got to go to Bugarium at the natural history museum, Ayden said "those bugs were so huge, I got to sit in there with them forever." Alyssa and the kids planned out a pancake club, Jamari was so excited he said "we can make chocolate ones, fluffy ones, sprinkles, and even shapes."
