Community Highlights

Sensory Sensation- We love a good sensory activity and sensory balloons were a total hit with Eddie. We made sensory balls with coffee beans, ground coffee, flour and dried beans. ‘If you mix things up it feels cool,’ said Destiney. We took our time putting beans and grounds and the table kept going through most of the day.

Donations Rock! - Thank you to our generous families for the donations of recyclables and d.i.y supplies we have been receiving. We are still accepting:

- Various sized boxes
- Fabric scraps
- Buttons
- Ribbon
- Clean Jars w/lids

Sew What?

Mike led us in a sewing craft club this month. Kids have learned to cut their own patterns and sew pillows or creatures. "It can be easy or hard," said Audreyanna, "Depends on what you want to make it could take time." The club is popular with various ages and both boys and girls.

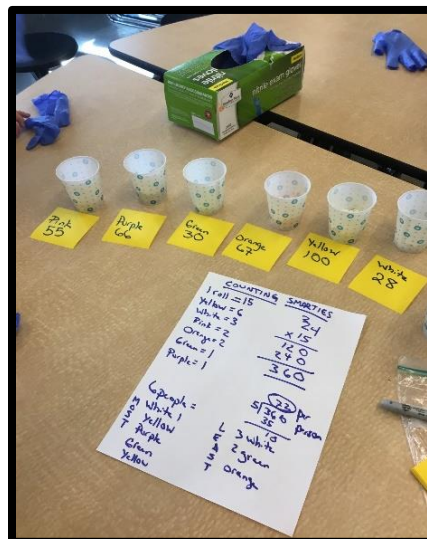

Let's Travel to Japan! – Henry has led the kids on a journey to Japan without leaving the site! Every week the kids participate in an activity that teaches them something about the place they are traveling to. They have learned basic sayings and how to write haiku's. They have done a scavenger hunt about the various islands of Japan and what they provide.
