## Older Kids' Field Trip to the Sandia Mountains March 22<sup>nd</sup>, 2019

## Building with Jenga Blocks

On Thursday, February, 21<sup>st</sup> Ethan and Alfredo created some structures with Jenga blocks. Ethan said, "I'm making a big tower, a big tall tower." Alfredo explains his creation, "So there's like a little ladder that you go up and then it has two just in case you need a little, just in case it's hard for you. And then you get onto the top one and then you go down. The farther you go from the stairs the darker it gets. But there's no scary, their might be scary animal, or not."

## Basketball Game

On Wednesday, March 20<sup>th</sup>, we played a basketball game. We borrowed some jerseys from Coach Johnson and divided up into the green team and the yellow team. We had a mixture of younger kids and older kids on each team to make the game fair. The next day Ian said, "That was really fun, do you think we can do that again?" We are planning on playing another basketball game on Wednesday, March 27<sup>th</sup>.

## Thanks for Coming to Our Dr. Seuss Birthday Party! March 6<sup>th</sup>, 2019

### "I wonder what's inside..."

On Monday, March 18<sup>th</sup>, Joseph found a rock and told the staff he wanted to break it to see what it looked like inside. Together they got a hammer and some safety goggles to smash the rock. Joseph said, "Inside it was shiny!"
