

November 2019

The BEARer of Good News!

Welcome!

A Word From Our Site Director:

Happy November!

This month our theme is Giving Back, and we're shifting our focus to learn how to give back to our community. Our staff have worked to create curriculum that builds togetherness and promotes working to help others. See our monthly calendar for more information!

November 5th and 11th are full days, **please register online** for care for both days. We are going to the Dynamax Theater on November 5th but stay-backs are available. Don't forget to pack a sack lunch for full days!

Our annual Turkey Trot will be held on November 22nd. It is a Children's Choice tradition in which a staff member dresses as a turkey and the kids race to catch them. The child that catches the turkey wins a Thanksgiving turkey for their family!

Phoebe, Ella, and Chase showing us their acting skills. It's no wonder they're all stars!

Important dates:

-Election Day: November 5th. CC Open. FIELD TRIP TO DYNAMAX THEATER!

-Veteran's Day: November 11th. CC Open

-Turkey Trot: November 22nd

Looks like a close call, Ruby!

Owl Pellets: A Spooky Science Investigation

Last month our staff's curriculum focused on adding science into the spooky month of October. Nicole's club allowed the kids to investigate owl pellets by dissecting them and analyzing their pieces for organic material and bones! They used toothpicks, tweezers, and magnifying glasses to determine what they found and documented their findings in a field journal. They used a guide to help them figure out what bones they were able to find, and learned the scientific names for them. The kids thoroughly enjoyed this enrichment club, and learned something new while also celebrating Halloween!

A Friendly Reminder:

For the safety of all children in the program, it is important that each child be signed in (AM) and signed out (PM) by an authorized adult. If your child will not be in attendance on a particular day, please call our site phone at (505) 459-0576 to let us know. This helps makes the sign in process go smoother and keeps all children in the program safe.
