

## Osuna March 2020

### March at Osuna

This March we have a lot of new and exciting clubs; Around the World Club with Brenden, June and Hannah, CC Movie Making Club with Jonathon, Space Soldier Training with Kylie, Universe Ball tag with Eugene, Liam and Izaiah, Chemistry Club with Daniel, Learning Languages with Mikaila and Hitchhikers Guide to the Galaxy Club with Marissa to name a few!

### A Look Back at February

One of the more popular clubs of February was Alyssa and Hannah's Chopped Jr. Cooking Club. The pictures below are from the first day where the kids were given apples, hot dogs, grapes, and flaming hot Cheetos and asked to make a creation that was visually appealing as well as tasty. Hannah was the brave soul who tried the kid's creations. Below are three of the final products. Great job Hannah and Alyssa!

Children's Choice  
Volume 4, Issue 7  
March 2020

### Worm on a String Club with Laila

One of my favorite activities this February was the Worm on a String Club with Laila. She wanted to create a club to teach kids how to do tricks with the worms on a string and also to give everyone their own worm. This club was so popular that we did three different groups of 15 kids and ran out of worms so we are going to be doing it again in March. Great job Laila!

### Kylies Crafting Club

These are pictures from two different days of Kylie's Crafting Club. Above was a day that the kids did acrylic pour painting. Below is the day the kids did oil pastel drawings.

### Lego Competition

At the beginning of February Megan ran a Lego building competition activity. Kaheem was the winner of the free build round with this amazing Lego van. Great job Kaheem!
