### COVID CLOSURE UPDATE

Dear Sombra Families,

As you know during the week of 6/29-7/3, one of our staff members had a positive COVID-19 test result, so the summer program at Sombra had to shut down for the remainder of the week. We want to thank you all so much for your patience and understanding during this difficult time. In addition we wanted to inform you that we partnered with APS and a team was sent to Sombra on Thursday July 2, to disinfect and sanitize all of the program spaces to ensure a safe reopening. We look forward to seeing you back on Monday.

-The CC staff at Sombra del Monte Summer 2020

#### Reminders:

-Pick-up/Drop-off: FAMILIES MUST USE THE DROP-OFF LANE (ENTER FROM CANDELARIA). Thank you for your patience during busier times of the day!

-Kids may bring personal electronic devices from home to be used for a limited time each day.

\*CC is not responsible for lost, damaged items.

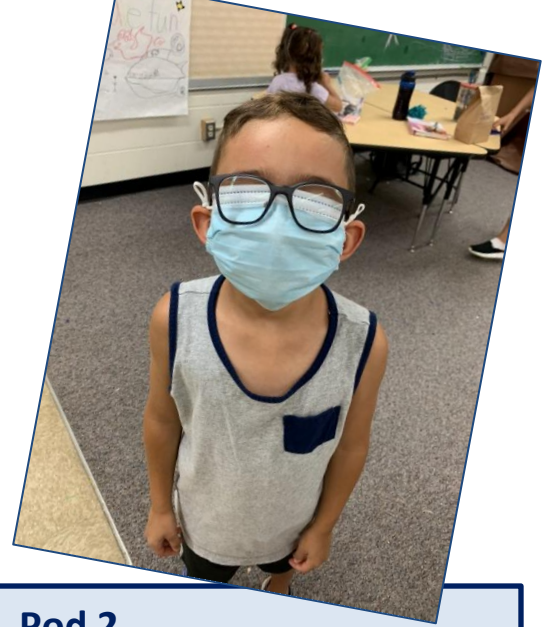

-Bring personal sunscreen bottle each day.

-Breakfast and Lunch are provided daily by APS, but kids are welcome to bring food from home also.

# Pod Life

## Pod 1

Pod 1 enjoys to laugh and be silly throughout their days. Whether it is making silly faces with their masks or playing “Would you rather...”, these kids always have a smile on—under their masks, of course! They are still hard at work building their spaceship to travel to Mars. They just need to finish the roof and make sure it can withstand the high pressures they will endure on their journey. Nothing can stop them now!

## Pod 2

Pod 2 is reaping the rewards of their labor. The “garden” that they planted at the beginning of summer has many new sprouts and the plants seem happy to have such caring and responsible kids taking care of them. The kids have been playing and learning lots of new card games, and they have been hard at work making chalk murals outside of their classroom. All of these activities, of course, require country music to be playing in the background. It helps them concentrate.

## Pod 3

Pod 3 has been keeping busy with lots of new and exciting activities. This group has been doing daily reading in the mornings, when Monica (Pod Leader) reads aloud to the kids to get their day started on the right imaginative foot. They have been hard at work building cardboard forts, and they even got to make their own rainbow cupcakes last week! Whether it’s hanging around on the monkey bars or relaxing in their classroom, Pod 3 is always making memories.

## Pod 4

Pod 4 has personality. These kids really enjoy their meal times and every time in between. They keep themselves busy by playing wall ball or pickle ball throughout the day, and they also enjoy their arts & crafts activities that the Pod Leaders have been doing with them. Anything from Diamond Art to Shrinky Dinks to painting flower pots, these kids love to get messy and make something in the process. This past week’s “Food of the Week” selection was Hunter. His favorite food that he wanted to share was pizza.
