Thank you APS Staff!

The cold snap this week made us all very grateful for our custodians for preparing our warm building and for the wonderful cafeteria staff for providing the kids with hot breakfast and lunch every day. To all APS and community support staff, Thank You!

What do you enjoy giving people?

"Kindness and help if they need it." – Nate, 10

Daily Life:

Lucy Tells All

This week we continued to pick the children's brains about their experiences. Lucy, age 5, started Kindergarten this year and her favorite subject thus far is, "Science class!" The thing to do when she isn't doing schoolwork is "Go to the gym... To make forts out of the mats." When asked what she is most looking forward to she said "Facetiming with my friends and getting a pet rat." More to come in December when she gets her rat, which she would like to name "Snowflake or Bellie."

Isaac Explains

Another week behind us! We had a chance to chat with Isaac about his time as a 4th grader so far. When questioned about what it's like having online school, he said it was nice to be "Still learning," though he said "Sitting in a chair all day" got really old. He most misses his "friends and recess" when remembering how school used to be. As far as his long-term plans, Isaac wants to be a "Rapper like *Juice Wrld.*" Good luck, bud!

Gym Activities

With the cold weather the Gym has been more popular than ever. This week the kids made the most of their breaks. Aside from tumbling, Lucy says her favorite way to use mats is to "Make forts!" When asked why kids like the mats so much, she said "Because we can hide!" (The staff like the mats because they can be cleaned!)
