Meditation Circle

The newest addition to the Children's Choice Bandelier team, Rachel, was eager to begin a mediation club after listening to some of the kid's stresses and discovering many of them enjoyed the practice of meditation. Rachel's mediation circle was held under a tree in the grassy area. After the impressive 30 minute guided meditation Athena described herself as feeling lighter. She said, "I feel like I can float like a balloon". Sophie was inspired to find her own crystals around campus and lead her own individual guided meditation with different members of our community! Overall the club made for a very enlightened Tuesday!

MAGICAL MOMENTS!

Grant was very pleased with his puzzle today so he struck a pose to show it off!

Grayson drew a design for us to follow, like a blue print, to create a domino effect using blocks.

Bandelier Magic Club is off to a great start! Everyone is working hard organizing our cards and sorting them by color, category, and type. New labels and dividers were created for our colored hand painted boxes in preparation for deck building next week! Good job everyone!

These girls were caught constructing a scene from the old show Blossom!

Wall ball is usually the game for this court but we used it for a game of sell out! A game where everyone is it!
