Meet the Meerkats of Children's Choice!

Ember A. (5)

This is Ember's first year attending Children's Choice. Ember really likes the art area. She said that she makes lots of art projects, and that she is really interested in learning how to make paper airplanes!

Ember also loves to play in the "kitchen area" where she plays dress-up and with the baby dolls. She especially likes to play dress-up with her friend Alisha. They enjoy playing fairies.

When asked, "Tell me something interesting", Ember said "My cat sometimes likes to chew on my shoes!"

We are so excited to have Ember in our program, we plan on incorporating a paper airplane activity sometime this week.

This Week at Manzano Mesa: September 13th-17th

Monique

Slime Club was put on hold because our two leaders Sophia (7) and Aubree (7) have been working hard researching the perfect mixture, while Monique has been gathering supplies. We are finally ready to see our fluffy slime activity come to life!

Tait

The kids were very excited with the new drama area dress-up clothes. Some of the kids put on fairy costumes, others dressed up like pirates. I plan to expand on this activity and see if the kids want to possibly put together a skit/play!

Hunter

Teddy (7) asked a few kids in the art area "Who knows what a lava lamp is?" After some more conversation, Hunter suggested we make a lava lamp activity. Teddy and Kaylee (7) Decided to help run this activity.

The kids were really excited about all of the new and novel supplies that were added into the community. It was amazing to see how much they enjoyed different items. Below are some pictures of different supplies the kids earned throughout the week.

The kids did a great job taking care of the new supplies last week that everyone earned one item to add into the environment. Their teamwork has also been very good, which earned them a special hover soccer ball that is part of our special 5:30PM bin! Eduardo (7) Bie (10) and Ben (8) are putting the soccer nets together for the community.

Last week the kids were interested in learning how to play wall ball. This game is great because it works on practicing catching and throwing. This is a skill that Bella (8) expressed to Tait that she wanted to work on, so it was the perfect setting to practice these skills.

The kids have had a great time exploring the art area this last week. Ember (5) was really interested in using the water colors to make a creation. When Hunter asked about their creations, here is what they had to say: "I painted a lion, and a house" –Ember "I painted a dress for my mom and dad."-Alisha "It's not finished but I'm doing a tie-dye." –Aubrie
