# Featured CC Kid of the Week!

This week we interviewed Mikaela an 8-year-old here at Osuna.

**How is school going? What's your favorite part of the day?**

Good, I have a couple favorite pull outs. I like Library and PE the most. **Why?** Because I like reading books a lot so... **Do you have a favorite book?** No there are too many to decide from. **Are you reading any good ones at the moment?** I have one in my backpack from the library, Bad Kitty, I'm still reading it but its good so far. I don't have very much time to read at home, I'm starting volleyball and I got hit with the ball twice already. **Do you like it still?** Yeah, it's still really fun! And I made a friend, her name is Skyler. She doesn't go to this school but I just play volleyball when it's just a team thing. The coach is my mom's friend from work.

**Do you have any hobbies other than volleyball?**

Um I sometimes do basketball and soccer. **Which is your favorite?** I have to say basketball. On the last game I scored one hoop, but I pushed someone during basketball, and they cried about it when I just gently pushed him. I was super gentle like this \*motions small push\*. I just wanted more room to shoot. And we have wrist bands so the person with the same color wrist band is supposed to guard you.

**Do you have any pets?**

I have one pet. It's a dog. His name is Toby. His eyes are black and he's adorable. **What kind of dog is he?** He's a chihuahua terrier mix and we found him at the shelter, and we know his favorite food is cheese.

**What makes you unique?**

That sometimes I act like a dog.

**What do you want to be when you grow up?**

A paleontologist! **Why?** Because dinosaurs are my favorite animal and I really like them and I want to discover them. Did you know if you find a new dinosaur you get to name it?! **Wow, if you found a new skeleton what would you name it?** The Chicken-osaurus.

# Jewelry Making with Destiny

Tuesday last week Destiny had a wire wrapping activity planned with the kids that turned into more of an earring making activity. Destiny says, "The older kids wanted to make earrings for their parents and themselves using wire and beads instead of wire wrapping rocks which was the original plan. June doesn't have her ears pierced so she worked extra hard to make her mom earrings she knew she'd love. Elijah and Henry joined her in that to make their moms something nice too!"

# Turkey Trot

The Turkey Trot has been a long-standing tradition in Children's Choice and after having to miss last years due to covid it was extra special to be able to do it this year. For our "turkeys" this year we had a group of sixth graders who graduated from Osuna last year come back to run for the current kids. This was especially appreciated by the staff because that meant we didn't have to run at all!

First Place Winners!

Our first-place winners were Yuji, Carlton, and Miles! Carlton elected to take the pumpkin pie instead on the traditional turkey.

Second Place Winners!

Third Place

Fourth Place
