Space Art

25  
The CC  
Drawing Contest

26  
Knock Out in the  
Gym

27  
Oreo Mugcakes

## REMINDERS/ANNOUNCEMENTS

If you pick up your child(ren) before 3:00 pm, please park in the left lane behind the 'Slow Down' signs. We want to keep the right lane clear for other cars passing through.

Thank you!

Are you registered for Summer yet? Log on on to your Parent Portal to register your child(ren)!

# ROCKETS IN ACTION!

## The Children's Choice Talent Show!

We heard that Inez Elementary is having a talent show soon. We decided to have one at Children's Choice for practice! The children were able to sign up and do whatever they wanted. Many kids chose to sing songs, but we had a few unexpected talents during the show. It was a great time for all of the kids to come together, support each other, and have fun!

Above top: Emma singing while GG and Isabelle danced back-up  
Above left: Dominic doing some school-themed stand-up comedy  
Above right: Jason playing the electric guitar  
Left: GG, Harmony, Azalea, and Zinnia, otherwise known as the 'Harmony Dance Crew'

# ROCKETS IN ACTION!

We did another exciting microwave experiment with the kids. What happens when you microwave crayons? The kids were super excited to see what would happen when we combine the power of the microwave and crayons together. The primary hypothesis tested true: the crayons melted, but it didn't stop there. The kids tested their creative skills and asked the question, 'What happens when we melt crayons between sheets of wax paper?' The kids made designs with some old broken crayons and we did exactly that! The results were some seriously cool 'paintings'. Art + Science = Amazing stuff!

What will we microwave next? Stay tuned to find out!

Fridays are quickly becoming the favorite day here at Children's Choice at Inez - for lots of reasons! Continuing our tradition of 'Food Fridays,' this week we introduced some Latin flare to the party and made homemade salsa! First, we grilled the veggies on a hot plate to add more flavor. Then we blended the tomatoes, onions, and jalapeños together. The kids enjoyed all the spice and flavors and wanted to make more salsa in the future. The main takeaway we had from the day - you can ALWAYS buy more chips! That, and store-bought jalapeños are not always the hottest. Oh, well!

Right: Marie and the kids preparing to make salsa, and the veggies as they are being grilled

# KID SPOTLIGHT!

## Interview with Deja (age 12)!

- **WHAT IS YOUR DREAM VACATION? AND WHY?** I would go to Italy for the food, especially gelato and pizza. I also want to learn more about their culture.
- **WHAT IS YOUR FAVORITE THING ABOUT CC?** I love all the happiness and joy that fills the entire building. Children's Choice is one of my favorite places to be.
- **WHAT WOULD YOU DO WITH \$1,000,000?** I would give some to the orphanage and donate. I would also help people pay bills, maybe buy some dogs and take my friends places.
- **WHAT IS YOUR PLAN THIS SUMMER?** Probably play tennis and other sports and spend time with friends.
- **WHAT WOULD BE YOUR DREAM FIELD TRIP?** I would like to go to the mountains and hike because I really enjoy nature and what it does for us.
