ASK THE ARTIST WITH ELLEN

Ellen is a 4th grader in our program who is talented in many ways art being one of them!

"We were supposed to paint something fall style but I started with this blue color and loved it, so I added purple because they look good together. Fall can be any color and you can always so Happy Thanksgiving!"

ROCK CLUB WAS A HIT (LITERALLY!)

We had so much fun
breaking open rocks and
looking at the crystals.

"I can tell everyone what's
inside their rocks because I
know so much about
rocks!" -Galileo

"It's so hard to break my
rock but it's so fun to hit it"
-Penelope

"Look at my crystals that I
found! And I broke my rock
by myself!" -Emily

"I couldn't break mine with
the hammer so I threw it on
the ground really hard and
it broke into a bunch of
pieces!" -Rylan

We will now explore rocks
further and find what we
can make with our rock
pieces!

A Snap Shot of the Day!

"Some of the younger kids wanted to play the game 'Werewolf,' so the older kids brought it out of Older Kids' area so they could join."- Maya

We made bruschetta and Grace said, "I don't really like tomatoes but I love this bread thing!"

"Lara was with Lilly, Emily and me. She was pretending to be a big bat and we were little bats. She would release us and then chase us around the playground!"- Audrey
