BUBBLE WANDS

This week we took advantage of the changing weather to make our own bubble wands outside. The kids used pipe cleaners and beads to create any shape they wanted and then put them to the test. They had a lot of fun combining their favorite colors and trying different shapes to make the best bubble.

"I made a heart shape but I don't think the bubble will come out heart shape."

-Elison

"My first one didn't work so I wrapped it tighter and then it worked!"

-Penny

CREATIVE TEAM WORK

In Clay Creations Club the kids were challenged to work in teams to create a fun and crazy monster. As a team they had to decide who was going to make each part of the monster. They were also challenged to come up with a name, what their monster ate, and where they lived. It was really fun to see how they worked together to make some crazy creations.

"This is Cray and this is Hap because one is always crazy and the other is always happy!"

-Evie

"We made a whole royal family, and their kids are made out of marshmallows!"

-Annalise and Marley
