

OSUNA NEWS

September 25th-
October 6th, 2023

Hello families,

Check out the cool things we have been up to lately and make sure to look at our activity calendar for what's coming up in the next two weeks. Please take note that our Peter Piper field trip has changed, if you have questions please ask the staff.

Important Dates:

Field Trip 2: September 27th 3:30-5:30 Paint and Picnic ADO Park (Walking)

If your child is not attending CC please send us a text or call
(505)382-1815

Lost and Found: Please make sure to check the schools lost and found located in the cafeteria hallway if your kids have lost anything.

Zhion said he had never been interviewed, but he was not scared.

He is 8 years old and in Ms. Duffy's 3rd grade class. Last year he had 3 teachers Ms. Garcia, Ms. Perez, and Ms. Smith. This year is better though, for no particular reason.

He likes Children's Choice because his friends Logan, Greyson, Posey, Ari (just to name a few) are all here.

His favorite hangout is outside, he likes watching the clouds cover the sky. One time he watched them for an hour. There was a little sunlight but lots of clouds.

CC OSUNA CHRONICLES

SERIES OF TOWERS

For the last few weeks a group of kids here at CC have worked on building different towers. Each week they have created multiple skyscrapers and tower, and each week they incorporate a more challenging aspect. The compilation of their towers will be documented throughout this year as they put their skills and imagination to work. Owen and Jaxon have named themselves the Master Builders, and they have had a lot of help from their peers to make their visions come to life. Please stay tuned for more tower builds.

Jaxon- "Marissa will be our photographer."

Owen- "We should put these photos in the newsletter."

Otto- "Do you guys need a bulldozing person, I want to help."

Owen- "Maybe we should make a club."

DIRT AND WORMS WAFFLE

While many of our friends attended our Library field trip our group that stayed back was able to enjoy a sweet treat.

Marissa- “We have a lot of waffles in the freezer, what should we do?”

Trey- “We should definitely eat it.”

Ava- “We should make something sweet”

Marissa- “What about dirt and worm waffles?”

Aubrey- “This was such a good idea and we got to use the food without being wasteful.”

Ethan- “Adding the Oreos and graham crackers was a good idea it really looks like dirt and rocks.”

Fun on the Field Trip

At the library the kids enjoyed picking out books!

"Ariel, I like books about dinosaurs. Can you help me find some. Just about dinosaurs!"-Sawyer F.

"Can I keep drawing my letters in this book? It's my practice!"-Jacob

"That was a 30 out of 10 field trip."-Zhion

Some of the girls colored Pegasus print outs, some of our younger girls put on a puppet show, and a few of our kids played with the puzzles and blocks.
