## Meet Aella!

How old are you?

Aella- Nine years old and in the third grade.

What is your favorite thing about 3rd grade?

Aella-Math and hanging out with friends.

How long have you been going to Children's Choice?

Aella-1/2 year.

Do you have a favorite activity or a favorite field trip?

Aella- My favorite activity is drawing and my favorite field trip was going to Dions.

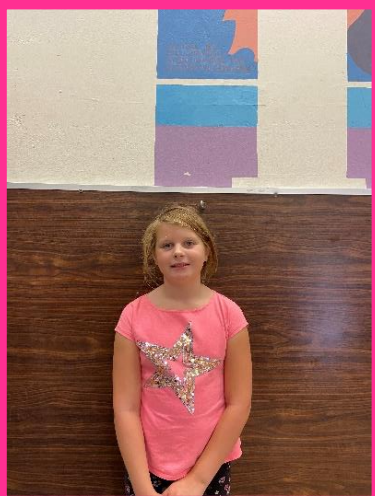

What is your favorite holiday coming up Halloween, Thanksgiving, or Christmas?

Aella-Christmas, because I get presents! What are your favorite Christmas traditions?

Aella- Decorating the Christmas tree.

If you could have any holiday be every single day of the year, which holiday would you choose?

Aella- Halloween every day!

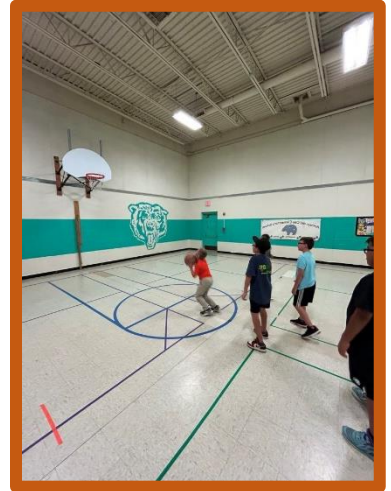

## Basketball Club with Jarell and Josh

Basketball Club started off with 2 laps around the gym to warm up and then we split into 2 teams for our dribbling drills. We ran from one side of the gym to the other and back while dribbling and then handed the ball off to our next teammate that was in line. Jarell, Niko, and Brayden won 3 times in a row!

Josh finally suggested we play Knockout as our final drill instead of around the world because he misses playing it and had a lot of fun playing it last year.

"We played Knockout and I won a few times, so did Charles and Brayden! My favorite part was playing Knockout because it's competitive fun and nobody cheated!"  
-Jarell

## Robotics Club with Max

How did the electric motor projects go?

Max- They went a bit differently then planned but it was pretty cool!

Does it feel like there is more for us to learn or projects to make?

Max- Oh yeah it does, for sure.

Do you like the building and gluing aspect more than the wires and electricity part?

Max- I like both equally but the electronics a little more. It powers stuff, that's what I think is cool.

Faith- "I didn't know what this activity was but I like when the stuff works and also when I get to build it."

## Capture the Skeleton with Thea

Capture the Skeleton was a HUGE success with the majority of our site participating. It was a simple twist on Capture the Flag where both teams try to capture the other teams flag but instead it was a skeleton!

Did you like the activity?

Kinsley- I liked it! I wouldn't change anything and I would like to play it again!

Faith- I did like it but I would change where we put our flags on our clothes to grab.

Julissa- I like how we had the the flags and could tear it off. I also liked that people could get skeletons after and try to get the person who was guarding the skeletons.
