# CC OSUNA CHRONICLES

## Valentine's CC Style

For Valentine's Day, the Osuna kids had a field trip to the CC office. They decorated and made cards for the office staff and what wonderful surprise it was! We started off making kind cards and candy bags! After a lot of writing and drawing, they decided to play telephone for a quick break before going into the office and they decorated it all around! The kids had fun putting stickers everywhere and making it look pretty, they even made a station for staff to take pictures!

Traycin: What if we don't know how to write well?

Zhion: Bro you can make a drawing instead!

Catalina: Yes, you can draw hearts or a smiley face!

## THANOS TAG

Most kids are aware of the Marvel supervillain, Thanos who's obsessed with collecting all the infinity stones. In our game, we used buckets, with the kids playing as the heroes, and the staff, Matt, playing as Thanos. The heroes' responsibility is to put their differences aside and work together to keep the buckets from Thanos at all costs. If they don't, Thanos wins, and all is lost. The game uses this pop culture narrative as a framing device for tag, where children must work together to accomplish a common goal.

"Thanos is bad at this."  
Greyson, 3rd grade

"We should make Matt cry, that's how we win!"  
Ava, 4th grade

## Magnet Tile: Rotation Bins

The kids were excited with the new rotating bins in the Construction Area. They immediately started with their creations and started to build! Some created castles while others made a galactic ship for outer space!

P.S: They're astronauts from planet Bade Blades.

Jack B: Look at these awesome ships!

Owen: We definitely need to make more for the whole planet.

Kienen: It has to be spacious enough for animals to go inside too!

Mariana: Look Pri, it's a castle and a farm at the same time!! But it looks like a hotel and that's okay.

Mariela: It's a small game, the one I made look, it can fit baby animals.

Staff: What is your favorite dish?

Milo: Umm fish?

Staff: Who is the most creative person that you know?

Milo: I don't know ha-ha I think Dr. Martin Luther King Jr.

Staff: What is the most annoying song you've ever heard?

Milo: Oh my gosh The Barbie song, the one that goes "I'm a barbie girl blah blah blah".

Staff: How so?

Milo: Because it gets stuck in my head! And it gives me a headache...

Staff: What excites you about the future?

Milo: That there's going to be new movies and new animals.

Staff: What would you like to do if you could?

Milo: I will like to try to go horseback riding, I think that would be fun.

Staff: What is your most favorite memory?

Milo: When my grandma went to get me ice cream, I miss her...

Staff: Have you ever met someone or seen someone that looks exactly like you?

Milo: Oh yeah in 2023 in my class I forgot but we were born at the same time in 2016 July 3rd and our favorite color is blue, and we both like Pokémon!

Staff: Do you think dragons have existed at some point?

Milo: Yes definitely, I saw a YouTube video where somebody in England saw a figure with wings and fire breathing. So yeah, I do believe they existed at some point.

Staff: What do you like about CC?

Milo: That you get to hang out with your friends!

Staff: If you could change anything from CC what would it be?

Milo: By making the world a better place, by not being mean to anybody and no bank robs!

Staff: That's great that you want to be someone positive in the world! How about in the program?

Milo: Oh yeah, I guess I didn't understand the question, I would say it's great but too loud.

Staff: Who or what inspires you the most?

Milo: Umm my family, my sister, my uncle and aunt, my grandma, my grandma, my other grandma, by like doing stuff that I haven't done but like things that I can do.
