Kid Spotlight Meet

James!

James is one of our awesome second graders! When he isn't building a new creation in the Construction Area he loves playing Taco Cat Goat Cheese Pizza with his mom and playing Minecraft at home.

What is your favorite food?

"I like salad. Cucumbers are my favorite"

What do you want to be when you grow up?

"A second-grade teacher to teach kids math."

If you could change one thing about Childrens Choice what would it be?

"Nothing because I think it's fun just the way it is."

If you could have any super power what would it be?

"To have strong legs so I can run fast."

Bubbling with Fun

Can you make a star shaped bubble? What about a heart shaped bubble? These were just a few questions we had before we started making our own bubble wands to find out. We used pipe cleaners to make many shapes and decorated them with beads and tried our best to blow different shaped bubbles. Even though it didn't work we still had fun blowing bubbles!

We are Family

Thank you to everyone who was able to come to our spring family event! We had so much fun playing dodgeball and kickball with our parents and families. Our photobooth was also so much fun with our DIY picture frame station. The cheer team did a great job teaching everyone a fun cheer, and the face painting area was packed with parents painting kids and kids painting parents.
