## Now Introducing: Jack

"My favorite thing about CC is I get to make crazy creations like this one, it took me a long time to create the castles. Marissa, can you take a picture?" - Jack

"Of course. Hey Jack if you could build anything what would it be." - Marissa

"I love building towers I also like to see how high I can get them before they crash." - Jack

"What materials would you need?" - Marissa

"I could easily use anything I could find as long as I have a ladder that never ended." - Jack

## Tie Dye w/Destiny

This was one of the messiest and fun activities the kids expressed joining. They were really invested in the rolling and wrapping part of the activity because they really wanted the colors to blend nicely. By the end of the project the kids were walking out of program with blue hands from helping each other pour dye on their socks.

They look forward to more dying activities and can't wait to learn how to create more intricate designs

"We should do other tie dye projects like with bags." - Rowan

"Maybe we should only do tie dye for the older kids because the younger kids needed a lot of help from staff." -

## CC T-shirt Design w/Sawyer

When Mike (staff) joined our Older Kids Club they started to come up with a really cool proposal for displaying our art. Sawyer proposed that we design an CC t-shirt for all of CC. The kids got to work on creating their own design and look forward to the feedback from parents as we decide on what the t-shirt should look like.

“We are doing a tie dye design, I really like the colors we chose.”- Ena & Alisity

“We can have parents chose the best design at our family night.”- Olivia

## Finger Puppets w/ Ariel

Using popsicle sticks, felt, google eyes, and stickers the kids tested their puppet making skills and their imaginations. They even expressed an interest in becoming puppeteers and ventriloquists.

“We could make skits and perform them in the Drama Area”

- Bexley

“Mine is full of arts and stickers.”

- Jayana

“Look at the cool cross and colors I used.”

- Hayden

### Marissa

"Family night is coming along great. The kids created invitations and we purchased all of our donut decorations and accessories. We are also excited to announce that we will be hosting a food drive, creating Thanksgiving meal baskets for local organizations."

### Alicia

"Older Kids Club has been really successful in the planning of our first walking field trip. **We Are Going to Target on September 29<sup>th</sup> 2:30-4 pm to purchase games for our CC Community.** Some of the older kids will also be hosting a reading hour for any younger kids looking to enjoy some good stories."

### Zeke

"The older kids really want to play dodgeball and create new and fun rules during the game. I can't wait to put together American Gladiator, an active event where the kids will be faced with different obstacles."

### Owen

"Piano lessons have begun and the kids are super interested in a spooky playlist just in time for Halloween. We are going to be working together to put on a "spooky spectacular" for the whole community to enjoy."

Ariel

“Fall is the best time to have a fall photo shoot and I can’t wait to create and capture fall memories with the kids. I also can’t wait to host a fall themed field day where the kids participate in fall carnival games.”

Evalina

“I love how much fall fun I can enjoy with the kids. I’m eager to enjoy some warm apple cider while we paint mini pumpkin canvases. I am also excited to introduce a game called King of the Farm.”

Destiny

“Since Tie Dye was such a hit I want to expand on it some more and tie dye different garments. I also hope the kids will enjoy a fall scavenger hunt and finally a tasty treat where we decorate some fall themed cookies together.”

Jonathan

“With college football starting up I am super excited to play football and create a bracket with the kids, I also look forward to teaching the kids some golfing skills and techniques.”
