MEET VALERY!

Valery is 5 years old and in kindergarten. She loves to hang out with her friends and sister in art area and outside. Valery also enjoys hanging out in the Quiet Area to read a good book!

Q. What is your favorite thing about Children's Choice?

A. I just think that it is really fun to get to be here while my mom is at work. I really like doing the food clubs, especially Toast Club. Yummy!

Q. What do you want to be when you grow up?

A. Hmm...Maybe a doctor so I can help people feel better and I can take care of my grandma.

Q. What makes YOU special?

A. I am very kind and I am a good friend. I like to play with everyone so that no one is left out. I also have really cool tattoos!

SNOW DAY

We were all surprised when snow hit the ground after school, and a lot of it! So of course, we went outside and built a snowman. Sam and Cybo even gave the snowman a beanie and glasses.

On the other side of CC, some of us chose to cuddle up and read books in the Quiet Area. "Its so warm and cozy over here. It's the perfect spot." -Hydra & Savannah

BOO BUBBLES

Dry Ice Boo Bubbles is a very interesting experiment where the kids create bubbles using dry ice and soap. In order for the bubbles not to pop, we had to wear gloves.

“Whoa, this is so cool. It kind of looks like a foggy snow globe”-
August

“My bubble hasn’t popped yet because my gloves are protecting it. I want to see how long I can hold it for!”- Amelia

“Guys, what if we put our hands all together and we try to hold the biggest bubble we can make?”-
Xander

“We’ve been able to pass our bubble to each other without it popping!” -Juliette & Emily

“I noticed that when your gloves have too much soap on them, the bubbles pop faster, so you have to rub them together for it to last.”-
Zach
