Henna Tattoos

Although we all love face painting, we wanted to try something new for a change. Last week we noticed that a lot of us were having fun drawing on each other with washable markers and we wanted to spice it up a little.

So, this week we got some "tattoo markers" that are easy to wash off. Our very own staff Maggie was willing to open up shop and take appointments throughout the day to give us the design of our dreams.

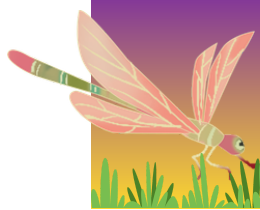

Some of us went for the classic tattoo designs with a traditional feel to them, while others wanted cute custom designs.

All in all, we were all satisfied with the outcome of our requests and would recommend Maggie to anyone that's looking for some new ink.

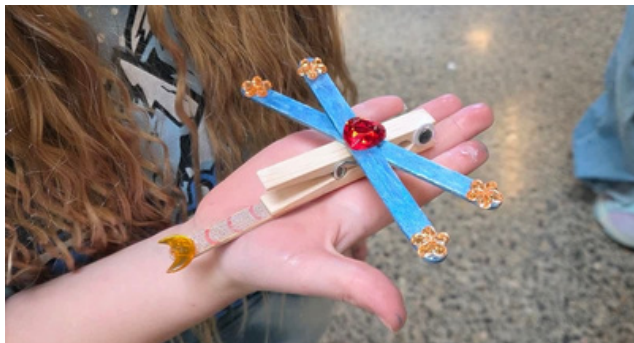

" I got it cause it looked cool and I really liked it and I really love my mom" –Anna, 7

"I want a Michael Jackson tattoo cause he's cool" –Ava, 9

" Add more designs to the tattoo wish we had more time" –Ally, 7

Dragonfly Friends

At ADO, we love arts and crafts. Our Art Area is packed every day with new ideas and a wide variety of materials. Our staff Edwin was inspired to share an idea with the kids to make our own dragonfly pals. We got paint markers, clothespins, googly eyes, craft sticks, and gem stones to design and decorate our winged friends. The best part was that no two creations looked the same.

We loved our crafts so much that we all took them outside to bask in the sunlight and fly in the wind.

**"I think I wanna name her rainbow because I like this rainbow. It's super sparkly" –
Mireille, 8**

"I love the stars. Her name is cookie" –Allie, 7

"They have diamonds, I'm gonna name them soon, but not yet" –Grant, 6

Meet Lena!

Lena is a 9 year old 3rd grader that's been coming to Children's Choice as long as she's been at ADO (since kindergarten)! Her favorite subject is art above all others because she likes painting, sketching, and coloring. Although it's her favorite thing to do, she doesn't recall having a favorite piece of art that she's done. Oddly enough, Lena also does not display her own art. They all stay within her sketch book.

As for her least favorite school subject, Lena doesn't really have one. She mostly enjoys all subjects except for math which is "just a little bit boring". Outside of school, Lena plays volleyball, dances, and is in Girl Scouts (which is her favorite out of all her hobbies).

When she grows up, Lena wants to be a hairstylist. She often does her own hair and her dolls' hair. Although we considered starting a hair salon as an activity for a brief moment, Lena was hesitant to offer her services for free. Something that not a lot of people know about Lena is that she just recently got some cats.

Lena wants her Mom and Dad to know that they are good parents. She also wanted to shout out "Xixi, Annie, Rosa, Lila and Chloe". Last but not least, her favorite CC memory is going swimming with her cabin in the Summer time!
