Web of Creativity

In this activity, the kids got into the Halloween spirit with a spook-tacular spider craft! They used colorful pom-poms and pipe cleaners to create their very own creepy-crawly friends. It was so much fun watching each kid bring their spider to life with their own creative ideas, personalities and backstories! Reagan proudly shared, “My spider is going to have a hat!” And Nico excitedly said, “Look! My spider has hair!” From silly spiders to fabulous webs, every creation was unique and full of personality! These little artists definitely made this Halloween activity extra spooky, silly, and fun!

Yer a Wizard!

The kids added a little magic to their day by designing their very own wizard hats! They had the freedom to personalize and customize their hats to match their own style. Each creation was unique and gave the kids a chance to express their creativity and imagination. Remy shared, “Gonna put my stuffys inside the hat like a little home!” Rusek said, “This reminds me of Hogwarts!” The kids had so much fun creating their hats that they asked to do more activities like this one.

It was magical to see each child put their own personal spin on their creation!
