THE ROADRUNNER REPORT

RIO GRANDE NATURE CENTER

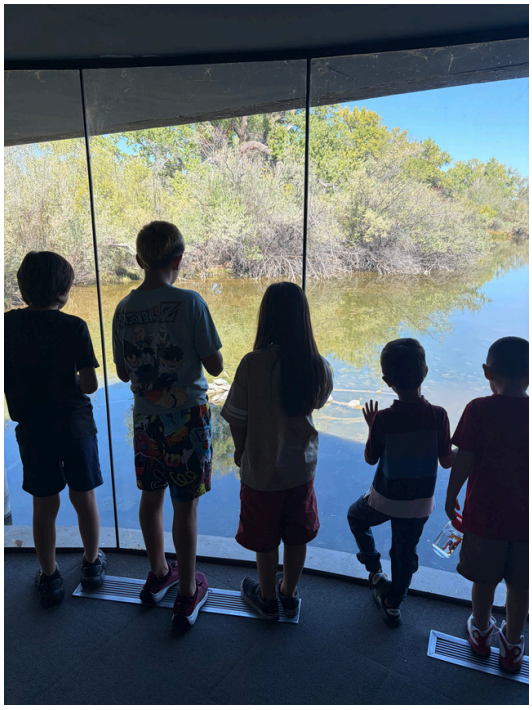

Our Roadrunners took a trip to the Rio Grande Nature Center, where we explored the outdoors, observed wildlife, and discovered the beauty of nature right here in Albuquerque!

One of the biggest highlights was spotting all the animals! Leo V. was especially excited about the frogs, sharing, "I got to see the frogs! There were so many frogs and I counted them!"

Sebastian R. enjoyed exploring the interactive exhibits and observing wildlife. "I liked playing in the water pump, and the frogs and turtles. I looked through the holes in the walls and saw them."

The observation room gave our students an opportunity to slow down and appreciate the peaceful environment. Valor M. noticed the difference, saying, "The place with the windows is so quiet. Everyone was just looking."

Throughout our visit, students practiced patience, observation, and curiosity as they explored local ecosystems. From counting frogs to quietly watching wildlife, our Roadrunners learned that sometimes the most exciting discoveries happen when we slow down and take a closer look at the world around us!

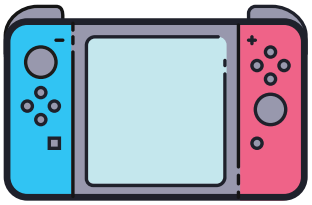

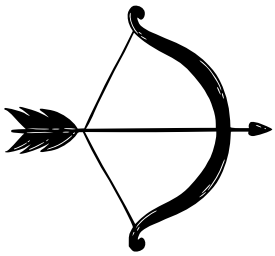

THE ROADRUNNER REPORT

MEET LUMEN!

This week, we're getting to know Lumen a little better!

Lumen's favorite color is pink, when asked why, their response was "It's not found often in nature, but when it is, it's hot pink or pastel!" When it comes to furry friends, Lumen has a cat named Ralph, who is described as "a sweet guy!"

In their free time, Lumen enjoys sewing! While they've mastered sewing little squares so far, they're excited to start upcycling clothes by adding handmade patches. As for their favorite meal? You can't go wrong with a classic steak and potatoes!

What does Lumen love most about working with kids? Their personalities! "They are so whimsical and outlandish. They are splendid and fun! They are welcoming and nonjudgmental. They're just kind of happy to have you around."

We're so happy to have Lumen as part of our Sombra family!

FACE PAINT

Face painting has quickly become a favorite activity among our Roadrunners! Students have been getting creative, practicing their artistic skills, and bringing their friends' ideas to life.
Eli H. shared, "I like doing Poppy's face paint. I got to see the ideas on the site phone. She wanted a Pokémon and I did really good."
From choosing designs to carefully painting their masterpieces, our students are building creativity, patience, and confidence one brushstroke at a time!

GOT VEGGIES?

Our Roadrunners have been expanding their taste buds by trying new foods during snack time! This week's challenge? Radishes! The reviews were mixed, but everyone had something to say!
Emmett wasn't a fan, sharing, "Ugh! It's like spicy and crunchy! I hope we never get it again!"
Kamiaah had a different opinion: "I like it. I tried it with ranch and it makes it even better."
Through these taste tests, students are practicing open-mindedness, exploring new flavors, and learning that it's okay to have different opinions. The important part is being willing to try something new!
